How to change your home page for Safari

1. Find the Safari icon in the dock at the bottom of the screen or in the Applications folder.

2. Click on the Safari icon, Safari will open up and ask you to log in with your Portal account.

3. After a successful login the old intranet page will load or the Apple start page.

This domain name has changed since you last visited.
The new website link is http://web2.warilla-h.schools.nsw.edu.au
4. In the menu bar at the top, click on the word “Safari” a drop down box will appear, click on “Preferences.”

5. Another box will appear, make sure you are on the “General” tab.
6. About halfway down there is a section called “Home Page” and the current home page address.

7. Change the address in the box to http://web2.warilla-h.schools.nsw.edu.au

8. Close the box and then close the window, open a new window by either pressing ⌘ + N or while in Safari, clicking File -> New Window.

9. The intranet should appear, if it doesn't start the process again or ask your teacher for some assistance.
